OPEN ABS

PRESENTATION

The International Trophy of Ciutat de Vilanova i la Geltrú is the result of the Catalan Fencing Federation to turn our territory into an international reference point of fencing. With more than 40 years of experience in organizing this type of event, Ciutat de Vilanova i la Geltrú joins the list of top international competitions already held here: World Cup Ciutat de Barcelona, World Cup Junior Ciutat de Terrassa and the Sant Jordi International Trophy.

This competition will also be a boost to the U23 category which is having a very good reception and is being especially driven by the European Fencing Confederation.

Budapest (Hongria), Colmar (France), Moëdling (Austria), Laussane (Suïça), Busto Arsizio (Italy) and this year Vilanova i la Geltrú (Spain) joins the organizing venues of the European Circuit U23 and matches to the main European powers in this sport.

The International Trophy of Ciutat de Vilanova i la Geltrú is a U23 competition and Senior OPEN. It is a bet by the Catalan Federation of Fencing for all those fencers who begin in the high performance category can have a sub category U23 tournament, offering the youngest fencers the opportunity to compete in a category that is having very good acceptance worldwide, since the change of category junior to senior is very abrupt. The FCE hopes that this competition will be very beneficial for all those athletes who participate, giving them the opportunity to compete in a test of international top level. The competition system is specially designed with the aim of maximizing the number of matches that each shooter contests and thus favor the practice. The Catalan Fencing Federation has earned its reputation as an organizer of sport events throughout the 40 editions of the Barcelona World Cup female epee. The International Fencing Federation (FIE) has recognized and thanked the organizational success on numerous occasions.
